402 Government

The assessment rate is affected by three key factors:

1. The cost and severity of workplace injuries in each industry group.
2. YWCHSB's projected income based on investment income and payroll levels in the Yukon.
3. YWCHSB's operating costs, including caring for injured workers and helping to improve workplace safety.

**Don't Pay Full Rates!**

Find out how to get rewards including cash rebates by joining our CHOICES program. Find details at [www.yukonchoices.ca](http://www.yukonchoices.ca).

**( \* ) Note: Last year Exploration, Placer Mining and Diamond Drilling were moved into higher risk groups with higher rates. It was decided to transition the rate increase over 2-years. The first portion of their rate increase occurred in 2008 with the final portion of the rate increase scheduled for 2009. The risk group and rate increase were reviewed in 2008 and confirmed. The final portion of their rate increase will occur in 2009 bringing them in line with all other industries in their rate group.**
