

**Workplace
Violence &
Harassment**

PREVENTION

The Yukon *Occupational Health and Safety Regulations* are rules to help everyone in the workplace—employers, supervisors and workers—improve workplace safety cultures.

The Government of Yukon affirmed the new *Violence and Harassment Prevention Regulation* in September 2020.

This guide explains how to use the new Regulation to improve workplace safety culture and prevent violence and harassment.

The *Violence and Harassment Prevention Regulation* will come into effect in September 2021.

All current requirements for compliance under existing Regulations remain in effect. Employers, supervisors and workers are responsible for the health and safety of workplaces, this includes preventing workplace violence and harassment.
