POLICY STATEMENT

SECTION
REFERENCE:

POLICY:

CONTINUATION OF PENSION

The Board considered the provisions of this Section particularly in the problem of determining how long the deceased worker would have continued to support dependants other than a spouse or children. The Board approved as a policy continuation of the present procedure of paying the pension up to the time when there is an occurrence or happening which reasonably establishes discontinuation of dependency; for example, marriage of dependent Mother, support assumed by other members of the family, substantial inheritance or the like. The receipt of the old age pension would not of itself be considered for discontinuation.
